How did the famous Austrian alpinists successfully reach the peaks of the mountains as well as the peaks of their private and professional lives?

Exceed your limits in front of the computer screen in the comfort of your own home.

Fairy tale

Fairy tales for adults are becoming increasingly popular. Let "Frau Wolle", our fairy teller, bring you and your participants to the land of magic beans, flying creatures or talking animals.

Each of her stories has a lesson to learn. Fairy tales are not just for children but may also teach adults some important lessons about life, that they might have forgotten from their once favourite stories.

Let the two competing wood choppers teach your employees about the importance of a good work-life balance or the misfortunate find the luck that has always been in front of him.

X-Mas Tree Decoration

According to a legend, there was a young shepherdess, who was supposed to give baby Jesus a present. When she lay on a sack of straw under the starry sky and saw the star of Bethlehem above her, she had the idea to recreate the star out of straw.

The guests will receive a small parcel with straw and templates. Under supervision of our instructor, the participants can craft the star themselves to add a handmade element to their Christmas tree decorations.

Makramee Lantern

Upcycling means recycling and sustainability and has become a trend in recent years. Let us show your guests how they can elevate their Christmas décor while saving the planet.
